Dear Ms. Philpott,

We have recently learned with great interest that a group of Carbondale citizens has been organized for the purpose of saving and restoring the Carbondale,Pa. City Hall.

We feel that the Carbondale City Hall is very significant both historically and architecturally; that it certainly merits a listing on the Pennsylvania and National Register of Historic Buildings and we commend the Carbondale group for their efforts in having it registered and restored.

We have been involved in helping them research its history and worth and are keenly interested in this project. If we can be of further assistance to them in the project or to you in evaluating their nomination, we will be very happy to do so.

With all best wishes for the season, I am

Sincerely Yours,

William P. Lewis
